About Me

With over 8 years of extensive international experience and leadership in the fields of hospitality, and more recently 2 years in web development, I demonstrated and improved my ability to work as an effective team player, to adapt and adjust myself to diverse and changing environments.

Currently I am looking for a new challenging position as a web developer focusing on software as a service products that are driven by innovation, research, and experimentation.

Professional Experience

2023/07 - Present

- Actively searching for a job as Junior Web Developer to put into practice my capacity to both work independently and as part of the team.

AI Developer | Fari (AI for the common good)
